Loudermilk Homes Breaks Ground on Von Lake Estates Development

New community just north of Atlanta offers just 9 private 1-acre tree-lined estates with modern European style luxury ranch homes.

ATLANTA – Dec. 17, 2020 – Loudermilk Homes is pleased to break ground on a new development of custom luxury homes at Von Lake Estates, a new community just north of Atlanta in the suburb of Milton, Georgia.

Von Lake Estates offers just nine tree-lined private estate sites, with modern European styled ranch homes that can be customized to each homeowner's needs. Gated driveways overlook a community lake and nature preserve, creating an ultimate sense of private luxury.

Homes will be designed and built with the finest finishes, 12-foot ceilings on the main level that create a sense of grandeur, grand gourmet chef's kitchens with high end appliances, spa-inspired bathrooms, expansive bedroom suites, finished basements, and glass walls of sliding pocket doors that open to covered porches that blend indoor and outdoor living all year long. Prices start in the \$1.2 million range.

Von Lake Estates is nestled in Milton, a close knit community with award-winning schools including Cambridge High School, plentiful shopping and dining options nearby in Alpharetta and other retail centers, and easy access to major technology and office centers around metro Atlanta.

"We are excited to offer this rare opportunity of nine private estate homes in a desirable neighborhood that is close to all of metro Atlanta's major business and retail centers," said Sherwin Loudermilk, Founder and President of Loudermilk Homes.
